VILLA ORIANA

MYKONOS DREAM LIVING

Villa Oriana is a private property located on an unrivaled spot on the western part of Mykonos, just few steps away from the sea, at the amazing area of Aleomandra. Facing the magical island of Delos, brightest place in the world, the birthplace of Apollo the God of light.

The combination of a private beach access, easy and breezy living and magnificent views, makes this property an one of a kind choice for a family vacation or couples retreat. Bright white colors mixed with natural stones and decorative details. Focus on simple geometric shapes rather than heavy ornamentation. Traditional furniture is visually heavy, while modern design seeks to offer a lighter visual appearance.
